To The Secretary to the Government of Madras,
Education and Public Health Department.

Sir,

Ref:- Government Memo No. 31720-2 D2 P.H. dated 31-8-39 - Reservation of a room for the Lingayat community in the new Maternity ward in the Government Hospital, Kollegal.

The new maternity ward constructed by Sri G.M. Madappa in the compound of the Government Hospital, Kollegal, originally consisted of a ward of 8 beds i.e. 6 beds on the left wing for-general ward patients and 2 beds in the right wing for special ward patients. The size of the two special wards is capable of accommodating 4 beds if necessity arises. The design is therefore suitable for 10 beds as stated in para 1 of G.O. No. 991 P.H. dated

dated 29-4-1935.

2. The donor has subsequently constructed an additional room as an annexe to the two special wards which he desires to be reserved for the Lingayat community. This will accommodate one bed.

I have the honour to be,

Sir,

Your most obedient servant,

Major-General I.M.S.,

The question is not one of extra cost. The question to be decided is whether it is desirable to earmark a room for a particular community. The result may be that the ward will have to remain vacant if there is no member of that community; it cannot be allotted to a member of a different community, as the latter will have to vacate if a member of the favoured community turns up before her convalescence

Finance, have raised the question whether it is desirable to ear-mark a room in the Govt Hospital, Kollegal for a particular Community.

2. In Go. No. 2704 P.H. dated 21-10-37, Sri G.M. Madappa was permitted to Construct a labour ward of 8 beds with a labour and Sterilizing room in the hospital at an estimated cost of Rs10.000. The Govt hospital had already a sanctioned bedstrength of 16 (8 for men and 8 for women) On account of the Construction of the addition the number of beds for women will ~~therefore~~ be increased to 16. The average inpatient attendance of women and children for 1935, 1936, 1937 is 4.90, 5.88 and 9.65 respectively. The wards have never been full so far and is not likely to be so for at least some more time. Further the reservation of one room for a particular community may not cause any congestion in the general wards, though the number of beds for general use will be reduced × by one occasionally ~~to that extent~~ when the room reserved for the Chiggyst Community is occupied

(by one bed as one bed is accommodated in the wards)

3/ The present request was not one of the conditions on which the gift was accepted by the Govt. It is therefore open to the Govt either to comply with or to refuse to comply with the request of the donor. But in view of the munificence of the donor, it is for consideration whether this request may be complied with.

As desired by Finance at Noteps 1-2 ante, the draft has been amended. If approved it may be sent to Finance for acceptance.

Works may be requested to ascertain from the donor whether he will agree to the room being made available to other communities when it is not required for use by a member of the Lingayat Community and whether it will not be sufficient to give preference to a member of this community only when a room is readily available.

Has he built three private rooms, in addition to the 'ward' of 8 beds that is originally offered to build? If he has, his request should certainly be complied with, in terms such as "the room will ordinarily be reserved etc. but may be used for any purpose in case of emergency"

The Surgeon-General reports that in addition to the maternity ward of eight beds which Sri.G.M. Madappa has provided ~~for~~ in the Govt.Hospital,Kollegal, according to his original undertaking, he has also constructed a small room ~~and that the donor desires that this room forming~~ as an annexe to the ward which Lodgers should be reserved for members of the Veera Saiva (Lingayat) community. The Government have no objection to the proposed reservation on the understanding that while it will ordinarily be given effect to, the room in question may be used for any other purpose in case of emergency and that no additional expenditure is caused to Govt. ~~in the shape of~~ for extra

staff or hospital equipment.
